Bogotá D. C. – Colombia, July 2nd, 2011

Madam

Maria Emanuella FIRMINO BARBOSA

Universidade Federal da Paraíba

João pessoa, Brazil

To whom it may concern:

The 14th Latin American Geological Congress and the 13th Colombian Geological Congress will be held at Plaza Mayor Convention Center in Medellín – Colombia, from Monday August 29th to Friday September 2nd, 2011 in Medellín, Colombia. The Scientific Program consists of 8 field trips, 9 pre – congress short courses, 15 invited lectures, 26 themes and 20 symposiums. The pre congress – courses have been programmed on 29th and 30th August and the open ceremony of the congress on 30th August at 7:00 p.m. The lectures and posters will take place over three days from 31th August to 2nd September, 2011. The final day we will close the congress with a Colombian party.

This letter is to inform you that the abstract entitled **Aplicação do índice "relação declividade-extensão - rde" na bacia hidrográfica do Rio Guruji para detecção de deformações neotectônicas sobre os sedimentos do Grupo Barreiras litoral sul do Estado Da Paraíba, Brasil**, in the Theme 14 **Geomorphology and Quaternary geology** has been accepted as an **Oral Presentation** by the Congress Technical Committee. If you are not registered already, we urge you to do it before 30th July, 2011 in order to be included in the program. Therefore to be present in Medellín with arrivals on 30th August and departure on 3rd September, 2011. For participants attending the pre – congress courses and field trips the arrival and departure dates will vary.

It is necessary for the participant to cover travel, registration fee, accommodation and other costs themselves during their stay in Medellín. For further information, presentation date and details please visit the website: www.14clg.com.

Yours sincerely,

Jorge GÓMEZ TAPIAS

Technical Coordinator

14th Latin American Geological Congress and 13th Colombian Geological Congress
